

Wall-mounted meat fridge - York - 2m50

Reference: 03.104.250

5,232.47€ tax excluded

Product short description:

This professional refrigeration unit is both efficient and economical. It is intended for supermarkets, restaurants, self-service or any take-away catering. It respects all the standards of thermal conservation of fresh products such as dairy products, packaged cheeses, fresh fruit juices etc., thanks to its night curtain. This refrigerated cabinet, with a ventilated cooling unit, has a manual night curtain that rolls up slowly to preserve freshness throughout the night and hide the food. If you decide to place this cabinet in a small space, remember to leave enough room to ventilate the unit and exhaust the hot air. This professional cabinet for fast food restaurants has 80 mm wide sides (40 mm on each side).

Product features:

Minimum temperature: +0 °C
Maximum temperature: +2 °c
Exhibition area: 5,10 m2
Length: 250 cm
Depth: 77 cm
Height: 204 cm
Electric power: 2684 w
Weight: 400 kg
Product categories: Cold - Fish
