

Semi-Mural Refrigerated - Frejus Self - 0m90

Reference: 03.302.090

2,485.73€ tax excluded

Product short description:

The wall display case is made of stainless steel, which guarantees a complete hygiene and resistance of the product in the time. The large curved windows offer an ideal display of the food products. The showcase allows for optimal refrigeration and storage at a temperature of +2°C/+5°C; the optimal ventilation for packaged drinks and snacks is further helped by internal holes on the back and ceiling. The showcase, with its modern style, can be easily adapted to all the places of the small, medium and large food distribution. A great practicality of use is offered by the lower shelf that can be opened in order to access more easily to the motor and to the compressor, both placed in the lower part, facilitating the maintenance.

Product features:

Minimum temperature: +2 °C
Maximum temperature: +12 °C
Exhibition area: 1,41 m²
Length: 90 cm
Depth: 78,5 cm
Height: 140 cm
Electric power: 400 W
Weight: 135 kg
Product categories: Cold - Pastries
Product categories: Cold - Creamery
Product categories: Cold - Cold cuts
Product categories: Cold - Ready meals

Product categories: Cold - Drinks
Product categories: Cold - Fruits and vegetables
