

Freezer with sliding door - Stuttgart - 1m22

Reference: 06.201.352

669.90€ tax excluded

Product short description:

A display freezer is a freezer or chest freezer with a glass door. Freezers with glass doors are often used for a good reason: The freezers are energy efficient. With a display freezer, unlike normal freezers, you don't have to open the door before you see what's in the freezer. Especially in professional catering establishments and businesses, a display freezer saves a lot of energy because the cold doesn't fall out.

Product features:

Minimum temperature: -12°c
Maximum temperature: -24 °C
Content: 352 l
Length: 122,5 cm
Depth: 70 cm
Height: 90,5 cm
Electric power: 118 W
Weight: 79 kg
Product categories: Cold - Frozen products
Product categories: Cold - Ice cream
