

Ice Maker machine BREMA - CB 640 - 67kg/24h

Reference: 09.101.067

1,998.00€ tax excluded

Product short description:

The ice cube produced by the BREMA CB 640 ice cube machine has a particularly pleasant and practical shape, the sides of the flattened cone being slightly flat. Thanks to its special design, the ice cube can be used in any type of glass. The nozzles used in ice machines have a special shape that ensures that no electrostatic charge is created during machine operation. The pump used to spray water into the evaporator is also very powerful. For this reason, ice machines have fewer limescale problems than comparable machines.

Product features:

Productive capacity: 67kg/24h
Storage capacity: 40 kg
Length: 74 cm
Depth: 60 cm
Height: 92 cm
Electric power: 650 W
Weight: 76 kg
