The wine frame - Cestas - 0m60

Reference: 01.504.001

859.95€ tax excluded

Product short description:

Design and technology combine to create the first refrigerated wine rack ever made in the world. An object with an innovative concept and design that allows the careful preservation of the most prestigious wines. Different models and finishes for a unique object. Quadro Vino allows to store and serve different wines at the right temperature. The refrigeration is obtained by a silent thermoelectric system with a very low energy consumption. The reduced depth allows an installation in small spaces

Product features:

Minimum temperature: +6 °C
Length: 60 cm
Depth: 15,5 cm
Height: 60 cm
Electric power: 2 w
Weight: 19 kg
