

Cocktail & Moijtos ice machine BREMA - TM 450 - 440kg /24h

Reference: 09.103.440

5,673.80€ tax excluded

Product short description:

The BREMA TM 450 Cocktail & Moijtos ice machine produces crushed ice in grains ideal for cooling seafood platters, bottles, cocktails (Mojitos, Margaritas...), or cold buffets. Composed of small fragments following a crusher, crushed ice is an effective solution for much faster cooling and for optimized conservation.

Product features:

Productive capacity: 440kg/24h
Length: 56 cm
Depth: 57 cm
Height: 70 cm
Electric power: 1700 W
Weight: 102 kg
