

Blenders and mixers - Buffalo 2 heads electric shaker

Reference: CY423

169.99€ tax excluded

Product short description:

With independently controlled mixing heads, the Buffalo Shaker is a very flexible solution for sites that need to brew multiple drinks at the same time. Each head is fitted with a powerful 80W two-speed motor, making mixing cocktails and milkshakes easy and stress-free. The sturdy stainless steel construction makes the device easy to clean and looks great. Comes with two stainless steel cups
