

Countertop heated display case - Buffalo 554mm

Reference: CK916

424.00€ tax excluded

Product short description:

Stylish and compact heated display case with curved front glass. The hinged rear door makes it easy to set up your pies, quiches, pies, pizzas and other hot specialties. Temperature range 30 ° C-90 ° C. The display case has a sturdy stainless steel base with precise adjustable temperature control, as well as a handy water pan to prevent your pastries from drying out.
